

COURSE LIBRARY

Instant Access to over
1000 Online Courses

Save your company significant time and money by providing fundamental training at their fingertips.

The course library is securely housed on the cloud and accessible anywhere

Market and sell over 1,000 premium safety training courses to your clients

High quality eLearning courses that will meet the needs of your clients

Course titles from many of the leading content providers in North America.

OSHA Standards

Occupational Safety and Health Administration (OSHA) is part of the United States Department of Labor. The leading authority in compliance and safety standards for the United States.

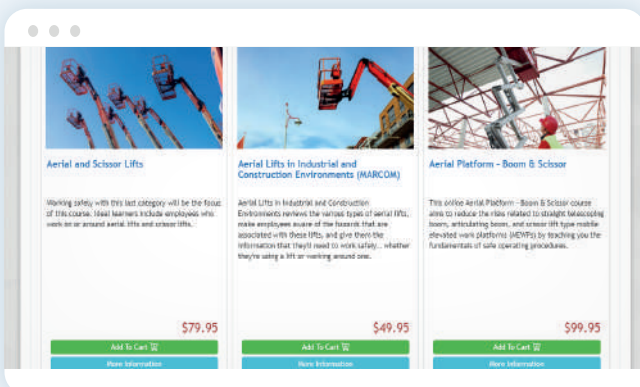

Our company works with leading course providers like:

- ✓ JJ Keller
- ✓ Safety Provisions
- ✓ Vivid
- ✓ UL

We give our customers access to over one thousand online courses, including titles that are developed to follow OSHA standards in efforts to ensure your workforce is compliant and safe.

API / SSO

Application Program Interface (API) and Single Sign-on (SSO) integration allow your existing LMS to integrate seamlessly with our entire content library. Users click the course link in your LMS, then the course plays in a popup window. Once the worker is complete, our system transfers the course completion data directly into your LMS, including a copy of the certificate.

Extensive Course Selection

Thanks to our wide range of partnerships, we can provide access to some of the most current training from esteemed providers. These top-of-the-line courses are created using unique combinations of multimedia elements and may feature:

High-Impact Videos

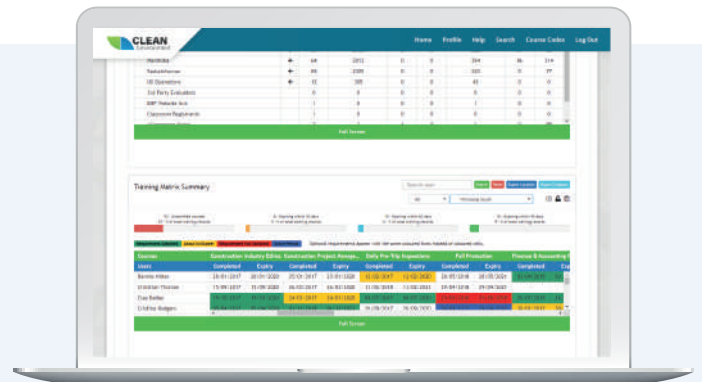

Engaging Exam Questions

Interactive Games

Multilingual Options

An Ever Expanding Course Library

The course library available through BIStainer is continually growing as additional partners join the SafetyNET network. All of these courses are available to you and your company to sell to your clients. Join the growing network with over 1,000 high quality safety and training courses, and provide your clients some of the highest quality training available.
